Is provision being made in the budgets of the Central dept. to provide for the items.

Why not, should not provision be made in the rules in respect of the above.

Does not the Central dept. 'provide' for the Provincial depts. including 'supplies' as well.

Is separate provision made for the W&D dept.

Furnish the info.

Submitted

Supplies from the Govt. Medical Stores are supplied to the following:-

1. Forest officers
2. officers in the Rev. Survey Dept
3. Govt. Ammunition Factory, Ishapore Cantt.
4. Govt. Museum
5. Officers in the Agricultural Dept
6. officers in the State Railway Construction
7. Hospitals attached to the Building dept.
8. — do — D.P.W
9. — do — Electrical Dept.
10. Lunatic Asylum Hospital.
11. Diwan & 2 councillors.
12. Officers in the Political dept. when on tour.
13. Staff of medical stores when they fall ill.
14. Some officers in the State for their private use.

value of medicines supplied is received on bills either by cash payment or book transfer in the case of nobly 1-10 & 14.

Medicines are supplied with the sanction of Govt. frequently, to the Geological Department, Observatory & Committees also the Staff of the Magnetical Stores when they fall ill

The cost of the Medicine chest of class II & D reserve to schedule medicines for Senior Surgeon is not known

Submitted

21 12.2.17 1) The cost of medicine chests vary according to class & quality. On 11.6.14 the value of 71 medicine chests supplied to the D. F. O, Nilambur was estimated at Rs. 119-12-0. On 27.8.1914 the Senior Surgeon estimated the cost of fitting up 38 chests for D-2-0, Mysore @ Rs. 25. On 23.7.06 the Senior Surgeon stated that the cost of a Corps Medicine chest was Rs. 140.

2) The Depts requiring the chests apply to Govt for sanction & the Senior Surgeon is authorised to supply the chests & recover the cost from the Dept.

21 After the Govt. sanction is accorded, it is within the competence of the Head of the Dept to meet the

NOTE—Contn. sheet.

expenditure. It is learnt that the Cost of medicines etc is met from the provision under 'Contingencies' & that no separate provision is made in the budgets of the depts for such expenditure.

688
13/2

Secy

2 The term "Gazetted officers" has not been defined. The term 'districts and provincial officers' may perhaps include 'Gazetted officers'.

It is ascertained that there is no separate provision in the P.W.D. budget for the purchase of medicines & that if the medicine chest is purchased the charge will be met out of office contingencies.

(Temp. Member) D.M. 22/2

3 The words 'Municipal & District' may remain. There is no necessity to add the word 'gazetted'. The budgets & the rules merely intended to [illegible] Gazetted depts are provided. Rules may be suitably issued ~~Rules may be suitably modified accordingly & issued. Approved~~

76 Mr. Kempnick has the Chard. If his dept. is to bear his cost, what about his removals. Can his pay and his establishment be suspended while he is employed up. If so, what interval should be allowed for him.

15/9

77 Respectfully submitted

When it is laid down in rule 4 that the cost of the medicine chests will be paid by the Departments to which the officers belong, it seems to be implied that (1) replenishment of the stock of medicines from time to time should also be paid for by the department concerned and (2) the empty bottles should be got re-filled as necessary and (3) that no hard & fast rule can be laid down as to intervals at which stocks to be allowed for replenishment of stock consumed; A draft in terms of member's order is, however, submitted for appl or other orders.

General Department.

To

Rajakaryapravina Rao Bahadur

T.V. Arumugam Mudaliar, Esq., M.B., C.M.,

Senior Surgeon in Mysore.

SIR.

In connection with the subject of supply or medicines and medicine chests from the Medical Stores to the touring officers of the several Departments of the State, it is observed that there are no rules on the subjects and that the supply is now regulated on the special sanction of Government in each case. As it is desirable to have some definite rules on the subject defining the officers entitled to the supply of medicines, the medicines to be supplied and the adjustment of cost, I am to invite your attention to the matter and to request you to be so good as to submit for the orders of Government your proposals together with a set of draft rules on the subject.

I have the honor to be,

Sir,

Your most obedient servant,

Portable medicine chests for touring officers.

With reference to your letter No.G.12918-29/Medl.80-16-13 of the 4th instant regarding the above subject, I have the honour to state that I had already heard from the Senior Surgeon in the matter and send herewith a copy of my reply to him No.3170/A.907 of the 17th ultimo for the information of Government.

I have the honour to be,

Sir,

Your most obedient servant,

H C Coleman

Director of Agriculture.

Hp

This office letter No.3170/A.907 dated 17th November 1919 to the Senior Surgeon with the Govt. of Mysore, Bangalore.

****

With reference to your letter No.261-13 of the 25th ultimo, I have the honour to state that there is no provision in my budget to meet the cost of the medicine chest proposed to be issued as per scales mentioned in the letter under reference. According to these scales I should have to prepare a list costing a considerable sum. For the present I do not consider it advisable to arrange for the supply of any of these chests.

C.N.

K

Letter No.1409, dated 1st December 1919, from the Director, Mysore Geological Department, to the Senior Surgeon with the Government of His Highness the Maharaja of Mysore.

Adverting to your communication No.C.261-13, dated 25th October 1919, I have the honour to furnish you with the following information.

On consulting Dr. Smeeth and other touring officers of the Department, it is found that we are not in a position to decide what class chests should be chosen to meet the requirements of the different classes of officers in the Department unless a sample chest of each class was sent over for our inspection.

If you can kindly send over to this office a sample chest of each class, I will after inspection return the same to you.

In case sample chests are not available, I would request you to furnish me with a clear idea and particulars of what each class of chest is contemplated to contain.

Our experience for over twenty years with regard to the medicine chests supplied to some of the officers of this Department has been that the chest has been stocked with too many medicines of no practical value whatsoever and that it does not contain enough or any of the required articles.

It would be desirable to fit up the chest with such medicines as would suit individual requirements and provide for emergent cases.

With a view to give you a rough idea of the number of chests that may be required for this Department I may point

out

out that there will be about twelve touring officers and each will have to be provided with a chest, say of Class II type.

In addition a special supply or provision for Kemmangundi iron-ore works people will have to be made.

Hitherto the medicine chests have been supplied at Government cost and there has been no special budget grant to meet the cost of chests. In case the cost of the contemplated chests should in future be met out of Departmental Budget, it may be done so in the first instance under contingent travelling expenses and a special budget grant may be arranged for in subsequent years.

Copy.

Superintendent.

L.S.R.

Letter No.841 dated 21-11-1919 from the Superintendent, Mysore Revenue Survey to the Senior Surgeon with the Government of H.H. the Maharaja of Mysore.

With reference to your letter No.C 261-13 dated 25th October 1919 requesting me to inform you of the number of medicine chests required for the use of my Department, I have the honor to forward herewith a copy of letter No.621 dated 11th instant from the Deputy Superintendent, Mysore Revenue Survey and to state that though I should be inclined to concur with the Deputy Superintendent in case no alteration can be made in the contents of each of the class of chests described in your letter; I should therefore like to be informed before offering an opinion with confidence, as to the details of the contents of a 10 Rupee chest. Our Field Officers having to camp out for about 8 months in the year, it is necessary to ascertain how far a 10 Rupee chest would serve an Establishment consisting of about 40 persons inclusive of menials. It appears to me that while a 10 Rupee chest is likely not to go far in meeting the requirements of a field party, it would be too much for the Department to spend Rs.65/- on each of them for a second class chest. I request therefore to be kindly informed whether it would not be feasible to institute a class of chests better furnished than one of the 3rd class, and costing something like Rs.25/-

I should like to be told also whether I am to understand that new chests are to be supplied to each touring Officer every year.

From

M. G. Rama Rao, Esqr., B.A.,
Conservator of Forests in Mysore,
Bangalore.

To

C.S. Balasundaram Iyer, Esqr., B.A.,
Chief Secretary to the Government of His
Highness the Maharaja of Mysore,
Bangalore.

Sir,

With reference to your letter No. C.12918-28/Medl.4-16-13 dated the 4th instant, regarding the supply of Medicine Chests of improved kind to touring and other officers of Departments, I have the honor to forward herewith for your information, a copy of letter No. C.261-13 dated 25th October 1919 received from the Senior Surgeon with the Covernment of Mysore together with a copy of my reply thereto (No.R.O.C. 436/M.C. of 19-20 dated 5th December 1919) on the subject.

I have the honor to be,
Sir,
Your most obedient servant,

Conservator of Forests.

Copy of letter No. C.261-13 dated 25th October 1919 from the Senior Surgeon with the Government of His Highness the - Maharaja of Mysore, to the Conservator of Forests in Mysore.

Government have thought it desirable to frame definite rules to regulate the supply of medicines or medicine chests to touring officers of the several Departments in preference to the present practice of granting special sanction in each case referred to them, and have called for proposals on the subject in consultation with the Heads of certain Departments

Following the practice in the Madras Government, it is proposed to prepare medicine chests of three classes as indicated below:-

Class I. Large portable medicine chests costing about Rs. 210/- each, and containing a sufficiently good stock of medicines, instruments and applicances, to touring parties - with which there may be a Medical Officer or subordinate - attached , such as the Forest School.

Class II. Portable medicine [Travelling] chests to officers, whose duties require them to travel throughout the State or through a whole district. These chests contain sufficient quantities of the medicines used for the most common ailments and are estimated to cost about Rs.65/- each.

Class III. Smaller medicine chests, each costing about Rs.10/- are intended for such other touring officers of Government as may have to frequently tour on duty in places more than 10 miles removed from any Government or Local Fund or Municipal Hospital or Dispensary.

I have the honor to request you therefore to be so good as to favour me at your earliest convenience with information as - to the number of chests of each kind that will be required for use in your Department(together with a list showing the names - of the officers who are in your opinion entitled to the grant - of a medicine chest at Government cost) and the source from the sanctioned budget of your Department from which the cost of the same will be proposed to be met.

Conservator of Forests.

Copy of letter No. R.O.C. 436/M.C.of 19-20 dated 5th December 1919 from the Conservator of Forests in Mysore,Bangalore, to the Senior Surgeon with the Government of His Highness the Maharaja of Mysore, Bangalore.

With reference to your letter No.G.261-13 dated 25th October 1919 regarding the question of framing definite rules to regulate the supply of medicines to touring officers, I have the honor to state that the proposed arrangement will be a decided improvement over the practice now followed. For the supply of Rangers, the second class chests would be too costly, while the third class ones worth Rs.10/-. Each would fall short of their actual requirements. I would therefore propose that an intermediate class be introduced between the II & III classes for the special benefit of The Range Officers in the Malnad Districts and Working Plan Officers.

The total cost of the medicine chests of the classes proposed would amount to Rs. 2450/- per annum. These charges are debited to P III (f) 'Contingencies' of the Forest Budget.

The following statement furnishes particulars of the number of chests of each class required, the names of officers who are entitled to the supply and also the cost:-

	No.	Class or kind.	Value of each class.			Total Cost. Rs.	a	p	Remarks.
The Principal of the Forest School and his staff.--	1	I	210	0	0	210	0	0

To,

Chief
The Secretary to the Government of
His Highness the Maharaja of Mysore,
Department.

SIR,

Referring to your letter No.G.12918-28/Medical 80-16-13 dated 4th December 1919, calling for certain information re: the free supply of medicine chests to the touring officers of the Revenue Department, I have the honor to forward herewith copy of my letter No.C.1669/Gl. 19-20 dated 21st January 1920 and its enclosure to the Senior Surgeon with the Government of Mysore which furnishes the required information.

2. As stated therein the expenditure in this connection could not be foreseen and no provision could therefore be made in the budget estimates of the Department for the current year. The cost of the chests to be supplied to the Veterinary Department may be met out of the provision of Rs 5,000/- in the current year's budget for opening new Veterinary Dispensaries. The provision made under I Land Revenue 2 Charges of District Administration being barely sufficient for the needs of the Department and as it is not possible just now to anticipate savings under any particular head, the cost of the chests required for the Revenue Department may be ordered to be met from the General savings at the end of the year under the budget head indicated.

I have the honor to be,
Sir,
Your most obedient servant,

K Chandy

Revenue Commissioner.

Furnishing certain information re: the free supply of Medicine chests to the touring officers of the Revenue Department etc.

R. C. 13.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore, 21st Jan:—1920.

No. C.1669/19-20/One.

From

K. Chandy, Esq., B.A.,

Revenue Commissioner in Mysore.

To

The Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

SIR,

With reference to your letter No.C.261-13 dated 25th October 1919 requesting certain information re: the free supply of medicine chests to the Touring Officers of my Department, I have the honor to state that 12 chests of II class costing Rs 65/- each and one hundred and twenty one (121) chests of III class costing Rs 10/- each will be required for the use of the officers of my Department as per distribution list appended.

2. The cost of the chests supplied to the Veterinary Department which comes to Rs 265/- may be met from the provision of Rs 5,000/- in the current year's budget for opening new Veterinary Dispensaries. As regards the cost of the chests supplied to the Revenue Officers it is not possible just now to say where savings would be likely. This item of expenditure was not foreseen and so no provision was suggested in the Budget Estimates of the Department for the year 1919-20. A reference has been made to Government in this behalf to accord sanction to the cost being met from the general savings in the provisions under I Land Revenue-2 Charges of District Administration.

I have the honor to be,
Sir,
Your most obedient servant,

K. C H A N D Y.
Revenue Commissioner.

Chief Secretary to Government,
B a n g a l o r e.

Sir,

With reference to your letter No. G. 12918-28 Medl. 80-16-13 dated the 4th December 1919, I have the honor to state that under Government Order No. 3132-4 San.142-15- dated the 20th November 1916, a fully-equipped medicine - chest was supplied to each of four full-time District Sanitary Officers that were then employed in the Districts of Mysore, Kadur, Shimoga and Hassan at an aggregate cost of 1,197-12-0. No new chests need be supplied to these Officers all that is necessary in their case being a replenishment of the stock used up for affording medical relief in the - course of their tours. Chest belonging to the Mysore District however may be transferred for use by some other District Sanitary Officer, as it is expected that in his capacityas District Medical Officer, the District Sanitary - Officer, Mysore will have a new chest of his own supplied to him by the Medical Department.

2. Four ~~4~~ additional medicine chests will be required as under:

1. for the Sanitary Commissioner (including the reserve staff employed under him).
1. for the District Sanitary Officer, ~~Kadur.~~ Kolar.
1. for the District Sanitary Officer, Tumkur.
1. for the District Sanitary Officer, Chitaldrug.

Sir,

With reference to your letter No. GF 2918-28/ Medl. 80-M-13 dated the 4th December 19 and subsequent reminders thereon calling for information regarding the number and kind of medicine chests that might be required for the use of touring officers of this Department, I have the honor to state that the Senior Surgeon has since intimated to me the contents of chests.

A chest of class C might be supplied for my office and a chest of class D to each of the District Superintendents (excepting the Superintendents of Police of Kolar Gold Fields and Railways and C.I.D and Assistant Superintendents (excepting the Assistant Superintendents of Mysore and Bangalore Cities) viz. 12 in all. Jamedars centres where there is no dispensary might also be given a chest of class D. Such Jamedars are 45 in number.

Chests of class D might be made available by sale to such other officers as might require them.

I have the honor to be,
Sir,
Your most obedient servant,

For Inspector General of Police,

G. Aravamudu Iyengar, Esq., B.A.,B.L.,
Revenue Secretary to the Government
of His Highness the Maharaja of Mysore,
BANGALORE.

Sir,

With reference to your letter No.G.9546-Med.80-16 dated 16th November 1920, regarding rules to regulate the supply of medicine chests to Officers of Several Departments, I have the honour to forward herewith a copy of letter No.1076 dated 14th October 1920, from the Superintendent, Medical Stores, which goes to show that the ~~Indian~~ Madras Government Medical Stores cannot be depended upon either for the supply of the medicine chests or for refilling empty chests.

2. The Superintendent has, therefore, been requested to state if the chests of the various descriptions, with modifications, if necessary, cannot be manufactured in the local stores and if they can, what the cost will be. The contents of most of the bottles have to be in the form of tabloids and the Superintendent is getting wholesale prices of the medicines in tabloid form. On receiving the necessary information from the Superintendent, of the Stores, further proposals will be submitted to Government.

3. Till then, the existing Government Order sanctioning the supply of medicines to certain departments will be followed.

I have the honour to be,
Sir,
Your most obedient servant,

H.B. Mylvaganam

SSR-BVA. Ag.Senior Surgeon.

BANGALORE.

To

G. Arayamudu Iyengar, Esq., B.A.,B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, BANGALORE.

Sir,

With reference to your letter No.G.11688-Med.80-16-30, dated, 15th December 1920, requiring a reply to the points raised in your letter No.9544, dated, 16th November 1920, I have the honour to state that requisitions for refilling medicine chests or for supplying particular drugs or articles that might have run out, should be made to the Superintendent, Medical Stores, Bangalore, through the Head of the Department which is responsible for the payment of the cost. The frequency of requisitions for such refilling will obviously depend on the extent of necessity and use made of the contents and can never be exactly determined and no hard and fast rule in this respect seems possible. However, it may be laid down that the contents of the chests are expected to last for one year and that the officers supplied with the chests should exercise the utmost economy and discretion in the use of the drugs and in all extra indents, the circumstances that led to the necessity for such extra indent, should be properly

Additions to the draft rules regarding supply of Medicine Chests to touring officers.

---:oOo:---

1. Requisitions for refilling medicine chests or for supplying particular medicines or articles that might have run out, should be made to the Superintendent, Medical Stores, Bangalore, through the Head of the Department, which is responsible for the payment of the cost thereof.

2. Officers who are supplied with chests must understand that the supply is meant for their own use and that of their staff whenever they may chance to fall ill and stand in need of medicines, in a place visited by them on duty and far removed from any Local Fund Dispensary.

3. The contents of each chest, if judiciously used as stated in the above rule, are expected to last for one year ~~and no requisitions for renewals will become necessary oftener than once every year~~.

4. Every extra indent or requisition during the year of supply should be supported by a statement of the circumstances that led to the necessity for such extra indent.

RULES FOR THE ISSUE OF PORTABLE MEDICINE CHESTS.

1. Portable Medicine Chests of Class A. will be supplied to parties with which there is a Medical Officer or Subordinate, such as the Palace Establishment, the Head Quarter Establishment, the Forest School, and to District Medical and Sanitary Officers, for use in their tours.

2. Portable Medicine (stationary) Chests of Class B will be supplied to Government Factories and Industrial Workshops, placed under the supervision of a Gazetted Officer and having no medical officer attached.

3. Portable Medicine (travelling) Chests of Class C will be supplied to Members of Government and Provincial and District Officers of the Agricultural, Revenue, Excise, Police, Forest, Geological and Survey Departments.

4. Portable Medicine Chests of Class D will be supplied to such other officers of the above and other departments as have to frequently tour on duty in places more than ten miles away from any Government or Local Fund Medical Institutions and as may be specially declared by Government to be entitled to the use of a medicine chest.

5. The cost of the medicine chests will be paid by the department to which the officer belongs. The cost of the chests supplied to the Medical Officer, Head quarter Establishment and to Members of Council will be debited to 12, General Administration, (2.) Dewan and Members of Council.

6. The contents of the medicine chests of the several classes are detailed in the schedule hereto annexed.

7. Requisitions for refilling medicine chests or for supplying particular medicines or articles that might have run out short, should be made to the Superintendent, Medical Stores, Bangalore, through the Head of the Department, which is responsible for the payment of the cost thereof.

8. Officers who are supplied with chests must understand that the supply is meant for their own use and that of their staff whenever they may chance to fall ill and stand in need of medicines in a place visited by them on duty and far removed from any Local Fund Dispensary.

9. The contents of each chest, if judiciously used as stated in the above rule, are expected to last for one year and every extra indent or requisition during the year of supply should be supported by a statement of the circumstances that led to the necessity for such extra indent.

No. G. 1871 5-74—MED. 80-16-32, DATED, 5th APRIL 1921.

Statement showing the number and class of medicine chests required by the several officers and their approximate cost.
